**Presented by Liana Vandervelden RN, MN (Advanced Clinical Education)**

<p><b>Certificate of Attendance awarded</b> <b>This training day has no Assessment Component</b></p>
--

**NOTE:** This day does not "Accredit" clinicians to implement manual defibrillation or initiate medication therapy - Every practitioner is responsible for knowing and adhering to their scope of practice, and knowing and adhering to employer guidelines and protocols. The purpose of this day is to equip the participant to contribute confidently in a resuscitation environment.
